Voluptuous Vanilla Ice Cream (Tub-Churn)

2 (14 oz.) cans sweetened condensed milk	6 large eggs
28 oz. of water	2 cups heavy whipping cream
few grains of salt	2 tbsps. vanilla

Mix condensed milk, water and salt in top of a double boiler and heat about 5 minutes over simmering water, stirring occasionally. Beat eggs in a bowl. When milk mixture is hot, beat about ¼ of the milk mixture into the eggs; then add egg mixture to remaining milk mixture in top boiler. Heat about 10 minutes, whisking the mixture and stirring and scraping sides of pan frequently until mixture is slightly thickened. Cover and chill several hours in refrigerator. Stir in cream and vanilla. Pour into freezer can. Freeze and churn according to the manufacturer's directions. Makes about 4 quarts.
